

Martin Cowling

Martin Cowling started flying in 2003 buying his first balloon only hours after his first flight. Since then he has flown extensively in the UK, Europe, Middle East and Asia. For the last four years, until his retirement in 2015, Martin has flown rides for Virgin Balloon Flights in the Scottish Borders.

Since his retirement from commercial flying Martin spends his time touring the world with special shape hot air balloons. In 2016 Martin attended the Heritage Inn Balloon Festival flying the Little Girl Special Shape. This year Martin will be returning with his wife, Tracey, and his own special shape Captain Jack.
